Pay with Debit or Credit Card

Ignore everything, except the last line—click on Pay with Debit or Credit Card.

When you click on “Pay with Debit or Credit Card”, you will be taken to a page for you to fill in your credit/debit card information. Fill in all this requested information until you get to the bottom of the screen where it asks about becoming a PayPal member.

A screenshot of a PayPal account creation screen. At the top, it says "Create a PayPal account? (It only takes a moment.)". Below this, there are two radio button options. The first option is "Yes, I'd like a PayPal account." and the second is "No, I don't want an account now". The "Yes" option is crossed out with a large black 'X'. Below the "Yes" option are two buttons: "Create password" and "Confirm password". At the bottom of the screen is a blue button labeled "Pay Now". Two black arrows point from the text below to the "No, I don't want an account now" radio button and the "Pay Now" button.

Select “No, I don’t want an account now”, and then click on Pay Now.

That should be all you need to do. You should get a receipt for your payment.
